INTRODUCTION/ ABOUT US

Really Agritech Private Limited is a renowned and esteemed company operating in the agricultural industry in India. Established in 2016, we have rapidly grown to become a prominent importer, exporter, and distributor of high-quality agricultural farm equipment. Under our trusted brand names, “Really” and “Mitsuyama”, we have earned the trust of farmers and industry stakeholders alike. With a strong foundation laid by our founder’s father in 1995, we have inherited valuable knowledge and experience that has propelled us to the forefront of the agricultural equipment market.

CORPORATE HEADQUARTERS:

Our corporate headquarters is strategically located in Thane, Maharashtra, providing us with excellent connectivity and accessibility to key agricultural regions in India. This centralized location facilitates efficient distribution and prompt service to our esteemed clients across the country.

PRODUCT PORTFOLIO:

At Really Agritech Private Limited, we take pride in our diverse product portfolio that caters to the diverse needs of the Indian agricultural sector. Our more than 70 SKUs are designed and sourced from reliable manufacturers to ensure superior quality, durability, and performance.

DEALER & DISTRIBUTION NETWORK:

Our commitment to providing exceptional product quality & service has led us to establish a robust network of dealers and distributors across India. Through this extensive network, we ensure that our products are readily available to farmers in every corner of the country. This approach allows us to cater to the unique agricultural requirements of different regions and ensures prompt delivery and support for all our clients.

COMMITMENT TO QUALITY:

At Really Agritech Private Limited, quality is at the heart of everything we do. We adhere to strict quality control measures throughout our supply chain, from sourcing to distribution, to deliver products that meet the highest industry standards. Our dedication to quality has earned us the trust of our customers, making Really and Mitsuyama brands synonymous with reliability and excellence in the agricultural equipment market.

FINANCIAL PERFORMANCE:

Thanks to our commitment to customer satisfaction, an extensive product range, and a well-established distribution network, we have experienced significant growth and success. In the last financial year, our revenue reached an impressive 810 million INR, a testament to our position as a leading player in the agricultural equipment industry in India.

COMPANY HISTORY

The roots of Really Agritech can be traced back to 1995 when Mr. Nitin Bhai Shah (father), a visionary entrepreneur with a passion for agriculture, founded the company with a vision to revolutionize the agricultural equipment industry in India.

The company started as a small-scale distributor of agricultural tools and machinery, serving local farmers in the region around Jalna, Maharashtra.

In 2016, Really Agritech took a significant leap forward by venturing into the import business of agricultural farm equipment. This strategic move allowed the company to expand its product range and offer cutting-edge solutions to Indian farmers. Leveraging the founder's knowledge and expertise, the company carefully selected reliable international manufacturers to source high-quality equipment.

With a focus on brand building and customer trust, Really Agritech introduced its own brand, "Really," and "Mitsuyama". These brands quickly gained popularity among farmers for their quality, reliability, and innovative features. The introduction of these brands marked a turning point for Really Agritech, as it strengthened the company's position in the market.

By 2022, Really Agritech's commitment to quality, innovation, and customer-centricity had earned the company recognition and accolades in the agricultural equipment sector. It received awards for its outstanding contributions to the industry and its dedication to promoting sustainable farming practices.

As a result of its relentless pursuit of excellence, Really Agritech continued to experience remarkable growth and financial success. The company's revenue reached an impressive 810 million INR during the last financial year, solidifying its position as a key player in the Indian agricultural equipment market.

VISION, MISSION & CORE VALUES

VISION

"To be the most trusted and innovative provider of agricultural farm equipment, empowering farmers with cutting-edge solutions for sustainable and efficient agriculture."

MISSION

1. Customer-Centric Approach
2. Quality and Reliability
3. Innovation and Technology
4. Sustainable Agriculture
5. Nationwide Reach and Accessibility
6. Ethical Business Practices
7. Empowering Farmers

CORE VALUES

As we pursue our vision and mission, we are guided by the following core values:

1. **Integrity:** We uphold honesty, ethics, and transparency in all our interactions and operations.
2. **Customer Focus:** Our customers' needs are at the center of every decision and action we take.
3. **Innovation:** We embrace innovation and continuous improvement to drive progress and stay ahead in the industry.
4. **Quality:** We are committed to delivering products and services of the highest quality, meeting and exceeding industry standards.
5. **Sustainability:** We are dedicated to promoting sustainable practices and solutions to protect the environment and support future generations.
6. **Teamwork:** We foster a collaborative and inclusive work culture that values the contributions of each individual.
7. **Social Responsibility:** We actively engage in initiatives that positively impact the communities we serve and the broader society.

By adhering to our vision, mission, and core values, Really Agritech Private Limited aims to leave a lasting and positive impact on Indian agriculture while earning the trust and loyalty of our valued customers and stakeholders.
